SITAP Carpet Couture Italia  
è Passione, amore per il Bello,  
cura della Perfezione.  
Valori che accompagnano  
l'azienda dal 1955. I nostri tappeti a  
tessitura artigianale e meccanica sono  
l'anima di un catalogo esclusivo, frutto  
della creatività tutta italiana  
di Barbara Trombatore,  
CEO e Direttore Creativo.

Tante novità e must have raccontano  
una tra le collezioni "Pret à  
Porter" più versatili mai proposte,  
nata per innovare con modelli  
di grande qualità, icone di  
stile senza tempo per la casa  
contemporanea.  
La nostra mission?  
Vestire e interpretare  
il vivere contemporaneo,  
senza più limiti o confini.  
Design Made in Italy,  
Tappeti Made in SITAP.

SITAP Carpet Couture Italia  
is defined by Passion, love of Beauty,  
and a keen eye for Perfection.  
Values embodied by the company  
since 1955. Our hand-woven  
and mechanically woven rugs  
are at the heart of an exclusive  
catalogue, an expression  
of 100% Italian creativity  
of Barbara Trombatore,  
CEO and Creative Director.  
Many new items and must-haves  
make up one of the most versatile  
"Pret à Porter" collections ever  
presented, designed to innovate  
with top-quality models,  
timeless style icons for  
the modern home.  
Our mission? To adorn and  
interpret contemporary living,  
doing away with limits and  
boundaries. Made in Italy Design,  
Made in SITAP Rugs.

# CORPO- RATE SOCIAL RESPON- SABILITY

## CSR - Corporate Social Responsibility

*SITAP si impegna nel selezionare e offrire ai propri Rivenditori e Clienti finali una gamma di tappeti in grado di rispettare gli standard di Sicurezza, l'Ambiente e le Persone.*

*Un brand di tappeti globale, con un comportamento responsabile verso il presente e il futuro del nostro Pianeta.*

*Tutti i tappeti della collezione Design Couture e Luxury Plain Color sono imballati con packaging riciclato.*

PRETÀPORTER

## CSR - Corporate Social Responsibility

*SITAP strives each day to select and offer its retailers and end customers a range of rugs that respect safety standards, the environment and people. A global brand of rugs that takes a responsible approach to the present and future of our planet.*

*Design Couture and Luxury Plain Color carpet collections are packed in recycled packaging.*

## GUIDA AL TAPPETO SU MISURA

### Come calcolo il mio preventivo?

Calcola l'area del tuo tappeto (es. 120x180 cm), considerando come altezza, l'altezza del rotolo di tessuto riportata in scheda prodotto (es. Altezza rotolo 300 cm). L'area corretta di calcolo è quindi 120x300 cm (includi sempre l'area di sfrido nel calcolo). Misura da moltiplicare per il prezzo al mq presente in listino.

Puoi realizzare il tuo tappeto ovale e tondo. Misure speciali su richiesta.

La bordatura, dove necessaria, è da calcolarsi per metro lineare e solo per il perimetro reale del tappeto.

## TAILOR MADE CARPET GUIDE

### How to calculate my quote?

Calculate the carpet area (e.g. 120x180 cm), considering the height of the fabric roll shown in the product detail page (e.g. Roll height 300 cm) as the height. The correct area is therefore 120x300 cm (include always the waste area). Measure to be multiplied by the price per square meter in the price list.

Oval and round sizes available. Special sizes on demand.

Edging, where needed, is to be calculated per linear meter and only for the real perimeter of the carpet.

Esempio: Tappeto Trendy Look

OVALE / OVAL

Per calcolare il prezzo di un tappeto OVALE (es: 150x270 cm), considera sempre l'area di un rettangolo. Il preventivo corretto è 150x300 cm

To calculate an OVAL carpet price (e.g. 150x270 cm), consider it as a rectangular carpet. The correct quote is 150x300 cm

ROTONDO / ROUND

Per calcolare il prezzo di un tappeto ROTONDO (es: Diametro 150 cm), considera sempre l'area di un rettangolo. Il preventivo corretto è 150x300 cm

To calculate a ROUND carpet price (e.g. ROUND 150 cm), consider it as a rectangular carpet. The correct quote is 150x300 cm

# NOTE IMPORTANTI

Le fotografie dei tappeti sono esemplificative dei colori. Pur essendo il più possibile simili ai tappeti originali possono presentare differenze cromatiche, a causa della stampa in quadricromia, per l'effetto della rifrazione della luce su filati cangianti e per l'artigianalità della tintura fatta a mano, che potrebbe variare da un bagno di colore all'altro.

Durante le prime settimane, il tappeto tenderà a perdere alcune fibre. Un fenomeno dovuto al normale spoglio della felpa, residuo della rasatura finale (per i tappeti a pelo lungo e voluminoso, l'evento può prolungarsi nel tempo ed essere più accentuato). Questi residui possono essere facilmente eliminati utilizzando un semplice aspirapolvere che non abbia un'azione troppo abrasiva sul tappeto. Non utilizzare mai il battitappeto.

Le macchie devono essere trattate immediatamente. Il 90% di esse può essere rimosso con acqua minerale gassata, tamponando con un panno di cotone o carta da cucina, senza tuttavia sfregare. Qualora si trattasse di macchia ostinata, è possibile intervenire anche con sapone neutro non aggressivo. Per una pulizia profonda, è sempre bene rivolgersi a lavanderie professionali. Consigliamo di non tagliare i filati che sporgono dalla texture, ma di tagliarli delicatamente con delle piccole forbici.

Arrotolate sempre i vostri tappeti quando volete riporli, senza piegarli mai.

Si specifica che non possono essere considerati difettosi i Prodotti che presentino misure differenti rispetto a quelle indicate nella Conferma Ordine, ma comunque rientranti nei limiti di tolleranza del +/- 5%.

Per maggiori informazioni relative alla manutenzione dei tappeti, potete visitare il nostro sito: [www.sitap.it](http://www.sitap.it)

## IMPORTANT NOTES

Catalogue photos, though being as similar as possible to original carpets, can sometimes present slight differences in shades, due to both four-colour printing, light effect on iridescent yarns, yarns different batches given by handmade dyeing.

For few weeks after the installation, some fibers may become detached from the carpet. This is due to a normal plush shedding (in case of high pile voluminous carpets the phenomenon is more accentuated and it lasts longer).

These fiber excess can be removed by vacuuming. It is important not to use brushes or carpet sweepers.

Stain must be treated immediately. The 90% can be removed blotting with a cotton rug or paper towel and sparkling water without rubbing it. If the stain is tough, you can use also neutral soap; for a deep cleaning you should address to a professional laundry. If yarn loop pulls out don't tear it, just cut it gently with tiny scissors.

In case of storage, just roll it without folding.

It is specified that Products that present different sizes than those indicated in the Order Confirmation, in any case within the tolerance limits of +/- 5%, cannot be considered defective.

For further informations about rug maintenance, please visit our website: [www.sitap.it/gb](http://www.sitap.it/gb)
